How to use this doodle booklet:

Print the book out (recommended) or work from a screen. Now all that's left is to draw, draw and draw some more.

A few rules before we start:

This is a FREE resource that I have taken a lot of love, care and time to create, so that it can be shared with other friends/ educators/ parents/ children, so that it may be enjoyed by as many people as possible.

While this is a free resource, designed to be printed out for personal use, please note that the reproduction or editing of this booklet in any form or means, either in print or in digital form, for profit or mass distribution is strictly prohibited. Supporting me and my work

When you head over to [TheDoodleGuide](#) on Instagram, you will notice that I have posted a lot of free content. My ambition is to show people that no matter what your age is or where you're from, you can draw. You are an artist, as unique in your work as your fingerprint is to you.

To help me achieve my dream, there are a few things you can do.

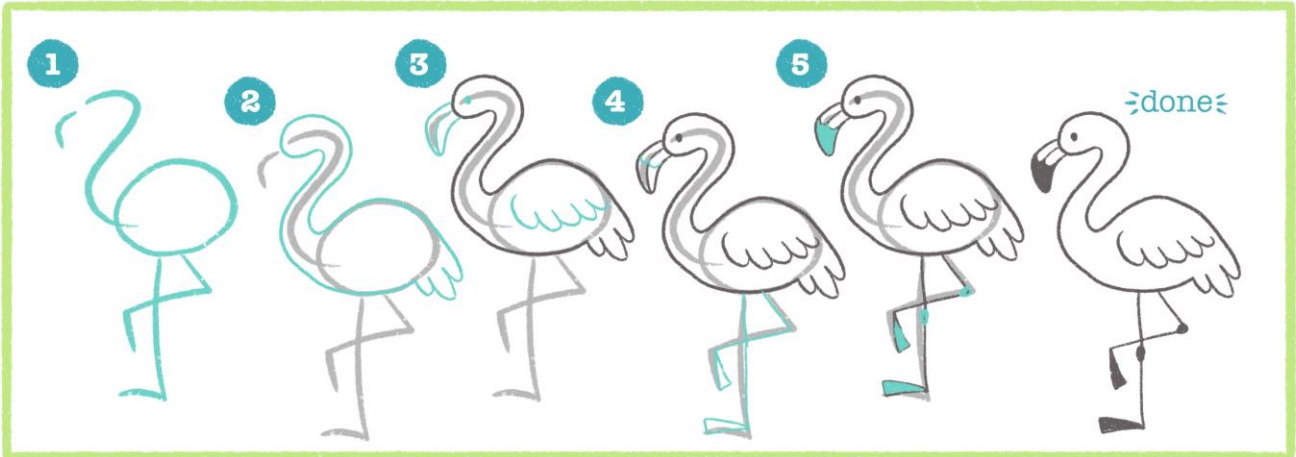

1. Share my page with your friends and family.
2. Comment and like my posts. This gives me better exposure within Instagram itself.
3. Share and re-post my posts on your stories and feed, keeping my re-post guidelines in mind please.

Another way you could support me is by purchasing my guides in my shop. [Please click here.](#) If you are able to be a Patreon supporter of mine, for as little as \$2 a month, there are a lot of benefits I do provide. [Please click here.](#)

Thank you for joining me and supporting me on this amazing journey and I hope you have loved using this as much as I have loved creating it.

xoxo, *Apsi*
