How to use this doodle booklet

Print the book out (recommended) or work from a screen. Now all that's left is to draw, draw and draw some more.

A few rules before we start

This is a FREE resource that I have taken a lot of love, care and time to create, so that it can be shared with other friends/ educators/ parents/ children, so that it may be enjoyed by as many people as possible.

While this is a free resource, designed to be printed out for personal use, please note that the reproduction or editing of this booklet in any form or means, either in print or in digital form, for profit or mass distribution is strictly prohibited. The rights remain with the author as detailed at the end of each booklet. This is to be used to learn, not to earn!

Please be kind enough to respect the spirit in which this booklet has been created. It is there for everyone to enjoy.

Supporting me and my work

When you head over to [TheDoodleGuide](#) on Instagram, you will notice that I have posted a lot of free content. My ambition is to show everyone that they can draw, regardless of age, background or prior experience. As I always say, "If you can doodle, you can draw, and if you can draw, YOU ARE AN ARTIST".

To help me achieve my dream, there are a few things you can do at no cost at all.

1. Share my Instagram page with your friends and family.
2. Comment and like my posts. This gives me better exposure within Instagram itself.
3. Share my posts on your stories and feed, keeping my re-post guidelines in mind please.
4. If you are enjoying the benefits you get as a **Patron**, tell a friend or two (or even THREE!)
5. If you have purchased anything in my **shop** and like what you got, please do tell your friends and family about it, or share your love for it (but not the booklet 😊) on Social Media.

Thank you for joining me and supporting me on this amazing journey and I hope you have loved using this as much as I have loved creating it.

xoxo, Apsi
